# THE PROBLEM

## Problem 1

Did you know the U.S. Bureau of Labor forecasts faster-than-average employment growth? There is a shortage of skilled workers in the construction industry. It's hard to find good, competent workers

## Problem 2

Are you setting aside the time to enhance skills and keep them motivated as a long-term employees? Are you growing your team?

## Problem 3

Are you staying compliant? If the inspector shows up on the job, does each team member have the appropriate certificates?

# SOLUTION

## Solution 1

Contractors Business Centers (CBC) offers flexible online or in person training seminars with professional instructors in their field to meet your training needs.

## Solution 2

Let CBC help motivate and grow your team; knowledge is powerful and key to self worth.

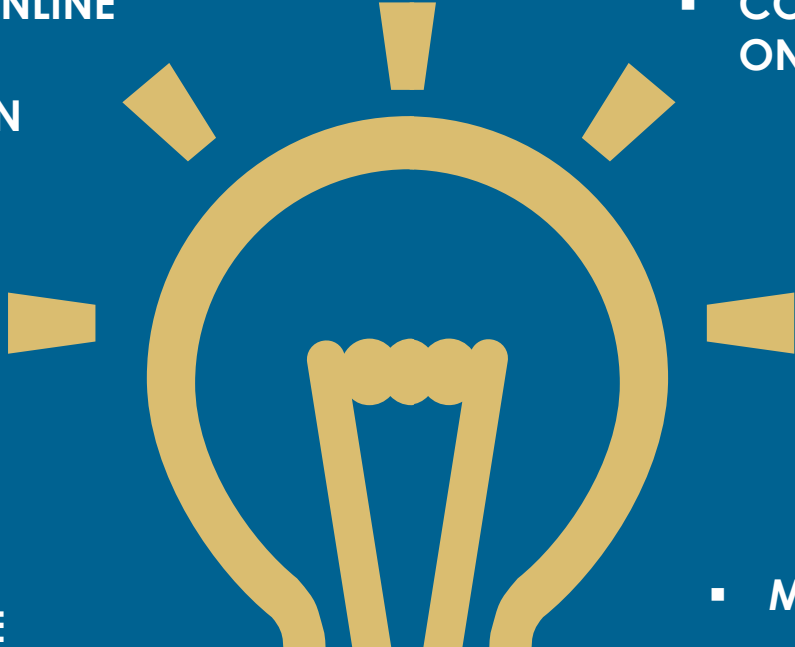

## Solution 3

CBC is a one stop shop for your compliance training needs, don't delay we have several courses to choose from

# THREE SIMPLE STEPS

## 3 SIMPLE STEPS

To give your team members the customized compliance training and meet their career building needs.

### STEP 1

Create a list of employees for training

### STEP 2

We will create the class and schedule the course and order the materials

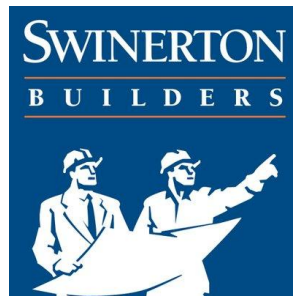

### STEP 3

Employees attend/complete course and we will send certificates
